The Honorable Cathy McMorris Rogers  
U.S. House of Representatives  
1035 Longworth House Office Building  
Washington, DC 20515

The Honorable Dave Loebsack  
U.S. House of Representatives  
1211 Longworth House Office Building  
Washington, DC 20515

Dear Representatives McMorris Rogers and Loebsack:

The undersigned organizations would like to thank you for introducing the Protecting Home Oxygen and Medical Equipment Access Act of 2019 (H.R. 2771). We are pleased to support this important legislation, which will provide additional relief to Durable Medical Equipment (DME) non-competitive bidding areas and address the problems with the oxygen budget neutrality requirement in the Medicare program.

Over the last few years, Congress and Centers for Medicare and Medicaid Services (CMS) have made significant changes to the DME benefit in Medicare to address serious access issues derived from the DMEPOS Competitive Bidding Program (CBP). Your legislation will continue this effort and protect Medicare beneficiaries' access to the DME they need. The Protecting Home Oxygen and Medical Equipment Access Act of 2019 (H.R. 2771) will make the rural relief provided by CMS permanent (50/50 blended rate), provide additional relief for non-rural non-bid areas at a rate of 75/25 (CBP-derived rates/fee schedule rate), and will eliminate an outdated oxygen budget neutrality requirement.

Thank you again for introducing H.R. 2771. We look forward to working with you on the passage of this important legislation.

Sincerely,

American Association for Homecare (AAHomecare)  
National Coalition for Assistive and Rehab Technology (NCART)  
National Registry of Rehabilitation Technology Suppliers (NRRTS)  
American Association for Respiratory Care (AARC)
